E-07-19

TO: Members of the State Electrical Administrative Board
FROM: Virgil Monroe, Chief, Electrical Division *VM*
SUBJECT: Appeal by Richard F. Rowe to take the master exam.

APPLICANT REPRESENTATIVE:

Richard F. Rowe

PROJECT:

Not applicable.

AUTHORITY:

The Michigan Electrical Administrative Act of 1956 as Amended, being Act 217 of the Michigan Compiled Laws.

REQUEST:

Mr. Rowe is requesting an appeal to sit for the master electrician examination.

APPLICABLE RULE:

338.883c of PA 217, 338.1004a and 339.1039a of the Electrical Administrative Board General Rules

FINDINGS:

Mr. Rowe received his initial journeyman's license on July 31, 2002. The Act requires a minimum of 4000 hours experience in not less than 2 years subsequent to the initial license issuance. On September 25, 2006, the Division received an application for the master's examination from Mr. Rowe. The documentation of experience accompanying the application did not confirm 4000 hours in not less than 2 years subsequent to his initial journeyman's license issuance of July 31, 2002. The letter from ProQuest, dated June 9, 2006, states Mr. Rowe worked under the affidavit master, Robert Bailey (6209365) until July 18, 2003. Since

October 5, 2007

Mr. Rowe received his initial electrical journeyman's license on July 31, 2002; this is less than 1 year. ProQuest did not renew their affidavit at the end of 2003. Mr. Rowe, with proper documentation, may be entitled to no more than 1955 hours.

RECOMMENDATION:

Staff recommends denial of the appeal until Mr. Rowe satisfies the requirements of the Act and the rules.

To Whom It May Concern:

I have documented my journeyman hours toward the qualification of taking the masters test.

First I submitted documentation from The Tecumseh Products Company on company letter head and notarized showing my hours under Master Electrician Ken Hunter now deceased, (exhibit A). I received a denial letter from The State of Michigan, stating there was not a signatory master at that facility, (exhibit B).

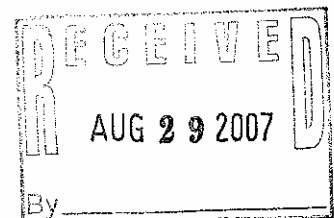

Tecumseh Products Company sponsored a federally approved apprenticeship program through The United States Department of Labor, in compliance with the rules and regulations set forth by The State of Michigan, this would not have been possible without a signatory master electrician in house at that facility. I have enclosed a copy of my certificate of completion, (exhibit C).

I then submitted documentation from The ProQuest Information and Learning, Inc. verifying my hours of applicable experience there, also on company letter head and notarized, (exhibit D). I received a second letter of denial from The State of Michigan, stating there was no electrical affidavit on file for my employer, (exhibit E). When in fact there was proper documentation of such, (exhibit F).

With the documentation I have provided in accordance with your department it should be apparent I have met the prerequisites to take the masters test. Please grant me the permission.

If I could be granted an appointment to appear before the board in person, I can provide the original documents showing the notarization seals if warranted, or any other information you request.

Thanks in advance,
Richard F. Rowe

Dear Mr. Avery::

The purpose of this letter is to acknowledge receipt and **approval** of the electrical Affidavit you have submitted to this office for your facility. Our records will show yourself as the management contact person and Mr. Robert Bailey, Master License 6209365, as the signatory master electrician in full time employ for the facility.

The affidavit serves two purposes for compliance with Michigan statutes. The first is to provide recognition of licensed supervision for persons employed as apprentices or journeyman electricians, who submit applications for apprentice registration or examination for licensure. The second purpose is for obtaining permits for electrical installations performed by your staff.

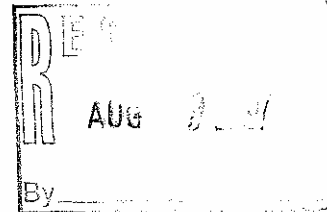

It is the responsibility of the master electrician to sign permit applications and letters of verification of experience submitted with applications for examination and provide the license number with the word "affidavit" after the number so staff can expedite processing of applications. All letters of experience verification must be notarized.

If there is any change in employment status of Mr. Bailey please notify this office immediately of such change. If I can be of further assistance please feel free to contact me at the above phone number.

Sincerely,

Stella L. Morris/jag
